**WORKSHOP/STUDY SESSION TO INTRODUCE AND PROVIDE AN OVERVIEW OF THE DRAFT DOCUMENT OF THE GENERAL PLAN UPDATE POLICY DOCUMENT. THE STUDY SESSION WILL BE LED BY CITY STAFF AND THE CITY'S CONSULTANT**

City Manager Duane Rigge said this is a preliminary document and we expect to have the document completed in the next 2 weeks.

Assistant City Planner Stephen Avis said there are 7 required elements of the General Plan and each chapter will have a goal, one or more policy's and an implementation program.

Consultant George Williamson said they have been working on the environmental impact report and noted that it is a disclosure document.

City Manager Rigge said we are not putting the document on the website at this time, as it is a preliminary document. All public hearings will be recorded by audio and video.

Council and the Planning Commission questioned the background report and the housing element. Staff responded the background report has not been released yet and the housing element is typically a separate document. It is now being processed through the State Housing and Community Development Department and will be done in conjunction with the General Plan update.

Mayor Campbell said that we have been advised there are members of the community contacting our consultants and we think that is totally inappropriate.

No action was taken, the meeting adjourned at 7:03 PM.
